

## Chemistry-related Internet Resources

Last Update: 4 September 2000

- Information on Chemical Compounds
  - ChemFinder (<http://chemfinder.camsoft.com/>)
- Index of Chemistry Sources
  - Indiana University (<http://www.indiana.edu/~cheminfo/>)
  - Wiley Interscience List (<http://www.wiley.com/college/webercises/>)
- Free Journal Article Databases
  - Medline <Articles from journals of biochemical or medical interest> (<http://www.ncbi.nlm.nih.gov/PubMed/>)
  - Proceedings of the National Academy of Science <Can search journals of biochemical or medical interest> ([www.pnas.org/](http://www.pnas.org/))
  - PubScience ([pubsci.osti.gov/index.html](http://pubsci.osti.gov/index.html))
- Spectral and Physical Information Databases
  - NIST Webbook (physical and spectroscopic information) (<http://webbook.nist.gov/>)
  - Spectral Database from Japan (<http://www.aist.go.jp/RIODB/SDBS/menu-e.html>)
- Catalogs
  - Sigma-Aldrich (<http://www.sigma-aldrich.com/saws.nsf/Home?OpenFrameset>)
    - Must register <free>
  - Sciquest (<http://www.sciquest.com/>)
    - Must register <free> and you can receive information on a wide variety of scientific products and from a wide variety of companies
- Scientific On-line "Clubs"
  - ChemWeb (<http://www.chemweb.com/>)
    - Must register <free>. Collection of many different types of chemistry-related information.
  - BioMedNet (<http://www.bmn.com/>)
    - Must register <free>. Collection of many different types of biochemical, biology, and medical information.
